●Thank you for purchasing Kitaco product. Read and understand the instruction before installing.

ATTENTION (MUST READ)

- This instruction sheet is for the instruction for OEM condition.
- This product is for dress-up. Do not use for other purposes.
- This product is designed and made exclusive for application vehicles, do not use other models. Do not modify the way which is not listed or it will cause damage and trouble.
- We are not responsible for violation of law or damages and accidents caused by assembling mistake and improper setting.
- Please ask authorized mechanic for assembling and setting.
- Refer to the manufacturer service manual when installation.
- Bolts and nuts may get loosen by engine vibration. Make sure not to loosen any bolts and nuts before driving.

ATTENTION!

Because of the vehicle structure, water and mud might intrude from harness hole splashed by rear tire. Recommend to waterproof treatment by sponge, rubber, etc.

■HOW TO INSTALL (Illustration is just a reference. Refer to the service manual.)

※Be careful not to break claws of cover when removing/installing.

1) Remove tandem seat, center cover (2pcs bolts), rider seat (2pcs bolts), accessory case tray (2pcs quick fasteners), fender bracket, mud guard and license holder. (Please remove other surrounded parts that ease to installation.)

※Disconnect winker (flasher) and license light wire terminal.

2) Install attached fender less parts. (Refer to the illustration.) Reuse OEM winker.

※After routing (refer to the illustration) and connecting each wire, if the wire left, tie to frame by harness clamp, tie wrap, etc not to hang down.

3) Tighten temporarily tightened bolts. Make sure not to loosen each parts and each lamps work correctly before riding.
