K·TECT

INHERITS THE HIGH-SECURITY PERFORMANCE OF SHL-02+PREMIUM.

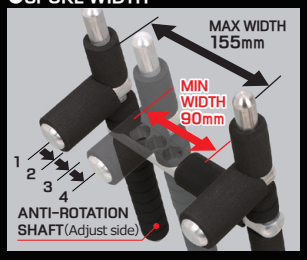

HANDLE LOCK SHL-03X PREMIUM

K·TECT PATENT OBTAINED PATENTED TECHNOLOGY

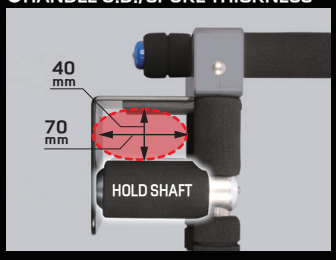

WEIGHT : 5.0kg

One-touch premium model with enhanced security performance and quality, based on the fundamental performance of SHL-03x. Enlarged the lock shaft to φ 25mm size, offering a stronger lock. The upper & bracket feature a titanium-gray and black anodized finish, creating a high-quality look. Also used is a high-security aba pagoda key cylinder. The handle lock is designed to last a lifetime. It comes with high ease of use by reversible key and high versatility—even if switching vehicles.
